NEW MODEL PRESS RELEASE

2022 JET SKI® SX-R™, JET SKI® ULTRA®LX, AND JET SKI® STX®160 SERIES

GOOD TIMES™ ON THE WATER WITH THE 2022 KAWASAKI JET SKI® WATERCRAFT MODEL RANGE

Kawasaki continues to offer a wide range of personal watercraft that evoke fun on the water, with the 2022 Kawasaki Jet Ski® SX-R™ four-stroke stand-up personal watercraft, Jet Ski Ultra® LX and Jet Ski® STX® 160 series watercraft.

Whether out for some weekend fun or racing competitively, the Jet Ski SX-R personal watercraft features powerful thrust and agile rider-active handling from the V-shape hull and produces plenty of low-to-mid-range torque from its 1498cc 4-stroke engine. This makes the stand-up personal watercraft fun and accessible to many riders thanks to the hull which is long and wide, providing stability for beginning riders. The 2022 Jet Ski SX-R watercraft stands out in performance and is available with an Ebony/Lime Green colorway and an MSRP of \$10,299.

For riders who want luxury and convenience from a naturally aspirated 1,498cc engine, the 2022 Kawasaki Jet Ski® Ultra® LX personal watercraft is the perfect choice. The maneuverable deep-V hull contributes to superior handling, and the vehicle boasts industry-leading storage capacity and the largest fuel tank in its class to keep the fun going longer. For 2022, the 3-passenger Jet Ski Ultra LX is available in Ebony/Sunbeam Red with an MSRP of \$11,699.

The Jet Ski® STX®160 series is powered by a DOHC, 16-valve, parallel 4-cylinder and 1498cc engine. It utilizes a balanced hull, ergonomic riding position, large fuel tank and storage compartment, along with several easy-to-use rider aid functions to create a comfortable and exciting three-seat personal watercraft that appeals to a wide range of riders. The 2022 3-passenger Jet Ski STX160 is available in Crystal White/Pearl Neon Yellow with an MSRP of \$9,899.

In addition to the STX160's standard features, the Jet Ski® STX®160X features adjustable electronic cruise control speed, which can be set with the UP/DOWN buttons located on the handlebar. It also features a comfort handle grip that tapers outward, making it easier to hold on when riding in a straight line and a premium painted deck. The 2022 3-passenger Jet Ski STX160X is available in Ebony/Lime Green with an MSRP of \$10,499.

Finally, the Jet Ski® STX®160LX flagship model includes the JETSOUND® integrated audio system with Bluetooth® as standard equipment. The system consists of an amplifier, an audio controller built into the handle, and two speakers placed under the mirrors. It also features a two-tone dedicated deck mat and LXury seat designed to ergonomically fit the rider's body to further improve comfort. Similar to the STX160X, it comes equipped with a comfort handle grip, adjustable cruise control speed via the UP/DOWN buttons, and a premium painted deck with full graphics. The 3-passenger 2022 Jet Ski STX160LX is available in Ebony/Turquoise with an MSRP of \$12,199.
