NEW MODEL PRESS RELEASE

2023 KAWASAKI TERYX® AND TERYX4™ SIDE X SIDES THE ULTIMATE OFF-ROAD ADVENTURE PARTNER

The Kawasaki Teryx® and Teryx4™ family of recreation side x sides return ready for adventure and welcome a new model to the 2023 lineup with the Teryx4™ S Special Edition Assembled in Lincoln, Nebraska with domestic and imported parts, the 2-passenger Teryx and 4-passenger Teryx4 side x sides provide thrills for the whole family while on the trails.

Built off of the highly capable and dependable Teryx4 S LE platform, the Teryx4 S Special Edition shares all of the same great features found on the Teryx4 S LE, including its 783cc V-twin engine, speed-sensitive electronic power steering (EPS), FOX® 2.0 LSC piggyback shocks, 1,300 lb. towing capacity, and Kawasaki STRONG 3-Year Limited Warranty. New features specific to the Special Edition include a high-grade audio system with a large LCD screen, WARN® VRX 35 Powersport winch, and special colors and graphics with a painted front bumper and three-tone seat cover.

WARN® VRX 45, the WARN logo and THE RED HOOK STRAP are registered trademarks of Warn Industries, Inc.

2023 TERYX4 S SPECIAL EDITION HIGHLIGHTS

- **NEW** High-grade audio system
- **NEW** WARN VRX35 Powersport winch
- **NEW** Special colors and graphics

AUDIO SYSTEM

The Teryx4 S Special Editions's high-grade audio system allows drivers to add a soundtrack to their adventure and utilizes a compact studio unit that is built into the center console, giving the dash a well-integrated appearance. The stereo features AM/FM, Bluetooth, and USB and is powered by a 4-channel 160-watt 4-internal amplifier. A 40W x4 output produces a powerful sound, while the Bluetooth boasts a range of up to 32'. The controller includes a LCD screen with backlit controls and large, waterproof buttons that can easily be operated while wearing gloves. A pair of 6.5" 2-way waterproof speakers are mounted in composite enclosures below the dash and are complemented by an additional two 4" 2-way waterproof speakers built into the dash. The composite enclosures help protect against elements encountered out on the trails and also contribute to a high-quality sound that delivers both high and low frequencies. For crystal clear high-frequency performance, a 0.75" titanium dome tweeter has been fitted and is complemented by a poly cone to provide a sharp, deep bass.

WINCH

Fit as standard equipment on the 2023 Teryx4 S Special Edition is a WARN VRX 35 Powersport winch that is built using premium components and offers industry-leading performance and features. The winch adds to the tough image of the Teryx4 S Special Edition appearance and offers 50' of durable 7/32" wire rope that has a 3,500 lb. capacity. A load-holding roller disc brake offers great control, and a three-stage planetary gear train helps ensure smooth, efficient operation of the winch. Additionally, the illuminated dash-mounted rocker control switch is complemented by a corded remote. Thanks to all-metal construction, waterproof sealing of the motor and drivetrain, zinc-plated hook, semi-gloss black powder-coated finish and stainless steel fasteners for corrosion resistance, superb durability and build quality is achieved. The installation kit was specifically designed for the Teryx4, ensuring a perfectly integrated fit.

SPECIAL COLOR AND GRAPHICS

The 2023 Kawasaki Teryx4 S Special Edition is offered in an Ice Gray / Metallic Onyx Black color scheme and features a front bumper that is finished in texture Persimmon Red to provide a high-contrast counterpoint to the gray and black base coloring. Three-tone seat covers consisting of Black, Persimmon Red, and Gray stitching contributes to the intense, sporty image found on the Teryx4 S Special Edition.

TERYX® AND TERYX4™

With aggressive styling, a 783cc engine and FOX shocks, the Teryx and Teryx4 side x sides are ready to tackle any terrain. Both the 2-passenger Teryx and 4-passenger Teryx4 are capable, comfortable, durable, and backed by the Kawasaki STRONG 3-Year Limited Warranty. The Teryx and Teryx4 side x side offer plenty of torque and an impressive 1,300 pounds of towing capacity and are equipped with Electronic Power Steering (EPS).

TERYX® S LE AND TERYX4™ S LE

In addition to the great characteristics and components found on the standard Teryx and Teryx4 models, the Teryx S LE and Teryx4 S LE side x sides feature long-travel suspension with FOX® 2.0 LSC piggyback shocks that are tuned to Kawasaki's proprietary suspension settings to help navigate trails. The longer A-arms on these models are designed with a more pronounced curvature in order to give the user more overall ground clearance and take comfort and capability to the next level while on your adventure.

ABOUT KAWASAKI

Kawasaki started full-scale production of motorcycles over a half century ago. The first Kawasaki motorcycle engine was designed based on technical know-how garnered from the development and production of aircraft engines, and Kawasaki's entry into the motorcycle industry was driven by the company's constant effort to develop new technologies. Numerous new Kawasaki models introduced over the years have helped shape the market, and in the process have created enduring legends based on their unique engineering, power, design and riding pleasure. In the future, Kawasaki Motors, Ltd. is committed to maintaining and furthering these strengths which will surely give birth to new legends.

Kawasaki Motors Corp., U.S.A. (KMC) markets and distributes Kawasaki motorcycles, ATVs, side x sides, and JET SKI® watercraft through a network of approximately 1,100 independent retailers, with close to an additional 7,700 retailers specializing in general purpose engines. KMC and its affiliates employ nearly 3,100 people in the United States, with approximately 260 of them located at KMC's Foothill Ranch, California headquarters.

Kawasaki's tagline, "Let the good times roll.®", is recognized worldwide. The Kawasaki brand is synonymous with powerful, stylish and category-leading vehicles. Information about Kawasaki's complete line of powersports products and Kawasaki affiliates can be found on the Internet at www.kawasaki.com
