## NEW MODEL PRESS RELEASE

# 2024 TERYX KRX® 1000 AND TERYX KRX®4 1000 SPORT SIDE X SIDE LINEUP DOMINATE ADVENTURE

Kawasaki is proud to announce that the Teryx KRX® 1000 and Teryx KRX®4 1000 sport side x side lineup are back for 2024, ready to take on any adventure. As some of the most durable and reliable machines in the sport side-by-side category, the 2024 Teryx KRX 1000 and Teryx KRX4 1000 lineup is built Kawasaki Strong to take on the world's toughest trails.

These class-leading machines are built around a highly dependable 999cc parallel-twin engine that is paired with a CVT transmission and built on a highly rigid frame with an integrated Roll Over Protection Structure (ROPS). The two-seater Teryx KRX 1000 is available in three different trim packages, while the four-seater family-friendly Teryx KRX4 1000 can be found in three different trim packages, ensuring that there is something suitable for everyone out on the trails.

### KAWASAKI TERYX KRX® 1000

The Kawasaki Teryx KRX 1000 sport side-by-side is engineered for high-adrenaline adventures and conquering tough terrain. Powered by a durable 999cc parallel-twin engine, paired with a CVT transmission and centrifugal clutch, the Teryx KRX 1000 has the power to tackle a whooped-out trail and the torque to conquer technical rock crawling sections. It features on-the-fly electronically selectable 4WD and front differential lock as well as two power modes (Full and Low) that allow the driver to set power delivery to suit preference and conditions. A high-rigidity frame with integrated Roll Over Protection Structure (ROPS) positions the wheels as far apart as possible to provide a sure-footed stance, superb cornering and straight-line stability. Obstacles on the trail are soaked up by FOX 2.5 Podium LSC shock units, which combined with long suspension arms give the Teryx KRX 1000 the longest suspension travel in its class. Large 31-inch MAXXIS Carnivore tires were chosen to ride over obstacles with greater ease, while 15-inch aluminum wheels feature bead-lock rims to hold the tires in place in off-road riding situations. A roomy cockpit features half doors and adjustable high-back bucket seats to deliver outstanding rider comfort no matter the terrain. A large all-digital instrumentation screen offers at-a-glance information to the driver including a CVT temperature readout and low voltage-warning lamp. The roomy, rear carrier space is large enough to accommodate up to a 32-inch spare tire with a load capacity of 350 pounds. Every aspect of the Teryx KRX 1000 has been engineered with Kawasaki's dependable, proven performance to outmuscle anything that stands between you and an

adventure of a lifetime. The 2024 Teryx KRX 1000 is available in Metallic Light Gray / Super Black and Metallic Sierra Blue / Super Black color schemes with an MSRP of \$23,199.

### **KAWASAKI TERYX KRX® 1000 SE**

The highly dependable and attention-grabbing Teryx KRX® 1000 SE sport side-by-side features a high-grade, award-winning Hifonics® audio system bringing the “Power from the Gods” to the trails. Complete with 6.5” door speakers and a 12” subwoofer, it offers incredible sound that can be heard – and felt. The compact stereo unit is built into the center console, giving the dash a well-integrated appearance with a new LED screen. The unit is a Bluetooth®/AM/FM/ 600-watt five-channel stereo featuring a high-contrast color LED screen that can display album art. Apple Control enables compatible Apple devices to be controlled by the stereo. A WARN® VRX 45 Powersport Winch is fit as standard equipment and has 50’ of durable, aircraft-grade 1/4” steel rope backed by a 4,500 lb. capacity. The 2024 Teryx KRX1000 SE is available in a Pearl Matte Sage Green / Metallic Carbon Gray color scheme which includes a black base complemented by green a-arms and silver-colored suspension coil springs. High-impact graphics add to attention-grabbing styling that drivers will be happy to show off. The Teryx KRX 1000 SE comes with an MSRP of \$25,199.

### **KAWASAKI TERYX KRX® 1000 TRAIL EDITION**

Built with the same high-performance features found on the Teryx KRX 1000, the Teryx KRX 1000 Trail Edition sport side-by-side comes equipped with both front and rear sport bumpers, as well as nerf bars on the sides, all of which add to the aggressive appearance while increasing protection to the vehicle from obstacles encountered on the trail. A QQR™ Sport Roof (featuring quick-release capabilities) comes as standard equipment on the Teryx KRX 1000 Trail Edition and helps to shelter passengers from harsh weather and sun. It also features pre-configured mounts that allow for the addition of up to six accessory LED dome lights. A WARN® VRX 45 Powersport Winch is fit as standard equipment and has 50’ of durable, aircraft grade 1/4” steel rope backed by a 4,500 lb. capacity. The 2024 Teryx KRX 1000 Trail Edition is available in a Cypher Camo Gray (Matte) / Super Black color scheme with an MSRP of \$25,699.

### **KAWASAKI TERYX KRX® 1000 ES**

The Teryx KRX1000 eS is built from the ground up to be the ultimate sport side x side. Featuring similar DNA to the Teryx KRX1000, the eS model comes equipped with Kawasaki Electronic Control Suspension (KECS) featuring FOX® 2.5 Live Valve Internal Bypass shocks. The KECS suspension technology communicates with the Bosch electronic control system and utilizes Kawasaki’s proprietary suspension settings to deliver greater comfort and enhanced stability across a wider range of riding situations. FOX’s Internal Bypass damping architecture features position-sensitive damping that changes depending on the operating zone of the suspension stroke to deliver a push and predictable ride. In addition to the electronic suspension, the Teryx KRX 1000 eS features upgraded components like a seven-inch high-grade TFT color instrumentation that offers three different selectable brightness levels, QQR™ sport roof to shelter passengers from harsh weather and sun, an aggressive front bumper that is powder coated to match other styling components, and specially designed color and graphics. The 2024 Teryx KRX 1000 eS is offered in an Ice Gray / Metallic Onyx Black color scheme and comes with an MSRP of \$25,699.

## **KAWASAKI TERYX KRX®4 1000 SE**

The Teryx KRX4 1000 SE is built with many of the same features found on the Teryx KRX4 1000 eS as well as several distinct components that make it stand out. Similar to the Teryx KRX4 1000 eS Special Edition, the Teryx KRX4 1000 SE is fitted with a WARN VRX 45 powersport winch and KQR Sport Roof to enhance the riding experience out on the trails. Additional unique features include conventional (non-electronic control) suspension and multi-function all-digital instrumentation.

Complementing the long suspension arms are massive FOX 2.5 PODIUM LSC shock units that soak up obstacles and contribute to ride comfort. An adjustable preload and 24-way compression damping enable precise setting adjustments. The settings have been optimized for the 4-seater Teryx KRX4 1000 SE to offer a balance of ride composure in all speed ranges and driver and passenger comfort.

An all-digital instrumentation is positioned above the steering wheel to offer at-a-glance information. The display's white backlighting has three selectable brightness levels and boasts a variety of multi-function display features. Green a-arms, silver-colored suspension coil springs, and high-impact graphics complement its sharp appearance. The 2024 Teryx KRX4 1000 SE is available in a Pearl Matte Sage Green / Metallic Carbon Gray color scheme with an MSRP of \$27,499.

## **KAWASAKI TERYX KRX®4 1000 eS**

The four-passenger Teryx KRX®4 1000 eS features DNA similar to that found on the two-passenger Teryx KRX 1000 eS with a durable 999cc parallel-twin engine that is paired with a CVT transmission and centrifugal clutch. It features on-the-fly electronically selectable 4WD and front differential lock as well as two power modes (Full and Low) that allow the driver to set power delivery to suit preference and conditions. A high-rigidity frame with integrated Roll Over Protection Structure (ROPS) positions the wheels as far apart as possible to provide the stability needed while out on the trails. Kawasaki Electronic Control Suspension (KECS) paired with FOX® 2.5 Live Valve Internal Bypass shocks deliver a comfortable and capable ride in a wide range of riding conditions. Thanks to the large design of the cabin, the rear allows for a full-sized adult to sit comfortably in the rear seats. Large 31-inch MAXXIS Carnivore tires were selected to handle obstacles with ease. The cabin of the Teryx KRX4 1000 lineup offers plenty of room with four high-backed bucket seats and three-point seatbelts that support the driver and passengers during hard riding. All four seats offer ample legroom and are complemented by lever-adjustable driver and passenger seats in the front with a total forward-rearward range of 6-inches. A total of five cup holders offer plenty of storage places for drinks on the trail with two located in the center console between the front seats, one in the front passenger door and two in the center console between the rear seats. The roomy, rear carrier space is large enough to accommodate up to a 32-inch spare tire and has a load capacity of 350 pounds. The 2024 Teryx KRX4 1000 eS is offered in a Candy Lime Green / Super Black color scheme and comes with an MSRP of \$28,499.

## **KAWASAKI TERYX KRX®4 1000 SE eS**

In addition to all of the great features found on the Teryx KRX4 1000 eS, the Teryx KRX®4 1000 SE eS comes equipped with a WARN® VRX 45 powersport winch, high-grade Hifonics® audio system, KQR™ Sport Roof and Special Edition colors and graphics. The WARN VRX 45 Powersport winch offers 50' of durable, aircraft-grade 1/4" steel rope backed by a 4,500 lb. capacity. A high-grade

Hifonics audio system allows drivers to add a musical accompaniment to their off-road adventures and is complete with four 6.5-inch door speakers and a 12-inch subwoofer for excellent sound. The 600-watt 5-channel stereo offers Bluetooth®/AM/FM and Apple Control that enables compatible Apple devices to be controlled by the stereo. The KQR Sport Roof features quick-release capabilities and helps to shelter passengers from harsh weather and sun. It also has pre-configured mounts that allow for the addition of up to six accessory LED dome lights. The Teryx KRX4 1000 SE eS is equipped with special Metallic Flat Raw Graystone colors and graphics that are complemented by gold wheels for a high-class image at an MSRP of \$29,999.

## **ABOUT KAWASAKI**

Kawasaki started full-scale production of motorcycles over a half century ago. The first Kawasaki motorcycle engine was designed based on technical know-how garnered from the development and production of aircraft engines, and Kawasaki's entry into the motorcycle industry was driven by the company's constant effort to develop new technologies. Numerous new Kawasaki models introduced over the years have helped shape the market, and in the process have created enduring legends based on their unique engineering, power, design and riding pleasure. In the future, Kawasaki Motors, Ltd. is committed to maintaining and furthering these strengths which will surely give birth to new legends.

Kawasaki Motors Corp., U.S.A. (KMC) markets and distributes Kawasaki motorcycles, ATVs, side x sides, and JET SKI® watercraft through a network of approximately 1,100 independent retailers, with close to an additional 7,700 retailers specializing in general purpose engines. KMC and its affiliates employ nearly 3,100 people in the United States, with approximately 260 of them located at KMC's Foothill Ranch, California headquarters.

Kawasaki's tagline, "Let the good times roll.®", is recognized worldwide. The Kawasaki brand is synonymous with powerful, stylish and category-leading vehicles. Information about Kawasaki's complete line of powersports products and Kawasaki affiliates can be found on the Internet at [www.kawasaki.com](http://www.kawasaki.com)
