NEW MODEL PRESS RELEASE

2027 KAWASAKI KFX®90 AND KFX®50 ATV MODELS

For 2027, Kawasaki is proud to announce the KFX®90, and KFX®50 ATVs in its youth lineup. The KFX90 and KFX50 models draw inspiration from Kawasaki's KX™ motocross lineage, boasting a dynamic and aggressive design that sets them apart from the competition.

Designed with unique features to facilitate the transition for young riders into the world of four-wheel adventure, the KFX lineup provides the right amount of power and size, serving as the ideal entry point for the upcoming powersports enthusiast.

KAWASAKI KFX®90

The KFX®90 empowers riders aged ten and up to conquer the trails and embark on exciting adventures, thanks to its air-cooled 89cc single-cylinder, four-stroke engine. Equipped with specialized parental controls, such as a keyed ignition to prevent unsupervised starting and speed controls featuring a throttle-limiting screw, the KFX90 delivers a parent-controlled riding experience. The CVT transmission includes a removable collar to adjust speed as the rider gains proficiency, enabling the KFX90 to adapt to the rider's growing skills. Designed with large front wheel wells for mud protection and a floorboard layout that enhances the rider's grip, this ATV enables young riders to confidently maneuver while sitting or standing. LED accent lights enhance its visual appeal and improve visibility during distant explorations. Sporting the iconic KX-style motocross aesthetic with a number-plate style design, handlebar pad, and decals, the KFX90 embodies the essence of high-performance off-road riding.

KAWASAKI KFX®50

The 2027 KFX®50 ATV, designed for riders aged six and above, serves as the ideal entry point for novice ATV enthusiasts. Powered by a 49.5cc air-cooled, single-cylinder, four-stroke engine, the KFX50 offers smooth power delivery, consistent performance, and unwavering reliability. Equipped with specialized parental controls, including a keyed ignition to prevent unsupervised starting and speed controls featuring a throttle-limiting screw, the KFX50 ensures a parent-controlled riding experience. With styling cues reminiscent of its larger counterpart, the KFX50 combines exciting design elements with compact dimensions, packing plenty of excitement into its small frame.

KAWASAKI CARES

Read Owner's Manual and all on-product warnings. Warning: ATVs can be hazardous to operate. For your safety: Always wear a helmet, eye protection, and protective clothing. Never carry a passenger. Never ride under the influence of drugs or alcohol. Never ride on public roads or pavement. Avoid excessive speeds and stunt driving. Be extra careful on difficult terrain. Kawasaki ATVs with engine over 90cc are recommended for use only by persons 16 years of age or older. Kawasaki also recommends that ATV riders take a training course. For more information, see your dealer, call the ATV Safety Institute at 1-800-887-2887, or go to www.atvsafety.org.
