2021 JET SKI® WATERCRAFT MODEL RANGE

GOOD TIMES™ ON THE WATER WITH KAWASAKI JET SKI® WATERCRAFT

Kawasaki continues to offer a wide range of personal watercraft that evoke fun on the water, with the 2021 Kawasaki JET SKI® SX-R™ four-stroke stand-up personal watercraft and JET SKI® Ultra® series.

The JET SKI SX-R personal watercraft produces plenty of low-to-mid-range torque from its 1498cc 4-stroke engine. This makes the stand-up personal watercraft fun and accessible to those without a competition license. The 2021 JET SKI SX-R watercraft stands out in performance and is available with an Ebony/Lime Green colorway and MSRP of \$9,999.

The entire JET SKI® watercraft runabout lineup is forged with Kawasaki DNA and features powerful 1,498cc engines, an innovative deep-V hull design, ample storage and a fuel tank capable of extended range. The lineup is also covered by a 12-month limited warranty with an optional 12, 24, 36 or 48-month Kawasaki Protection Plus™ plan.

The flagship model, the 2021 Kawasaki JET SKI® Ultra® 310LX personal watercraft, is the perfect combination of performance and luxury. The JET SKI Ultra 310LX features a roots-type Eaton Twin Vortices Series (TVS) supercharger. A three-blade impeller that is directly driven from the engine, provides superb propulsion, powering the watercraft's deep-V hull that offers class-leading stability in rough water. This model also features the JETSOUND® audio system, a first in personal watercraft, which allows riders to listen to music via the 2x20-watt rated amplifier and 30-watt speakers. For 2021, the 3-passenger supercharged JET SKI Ultra 310LX watercraft is available in Ebony/Atomic Silver with an MSRP of \$18,199.

The Kawasaki JET SKI® Ultra® 310R personal watercraft is the ultimate open-water race replica vehicle in the Kawasaki model line. It features the same 1,498cc supercharged engine as the JET SKI Ultra 310LX model. It also sports a motocross-style electro-polished stainless steel handlebar inspired by the Kawasaki KX™ motorcycles. The 3-passenger supercharged JET SKI Ultra 310R personal watercraft features an Ebony/Lime Green color scheme with an MSRP of \$16,499.

Power is the most common trait among the Kawasaki JET SKI Ultra 310 series, and the 2021 JET SKI Ultra® 310X features a supercharged inline 1,498cc four-cylinder DOHC engine with its Eaton TVS supercharger and intercooler. For rider comfort and versatility, the JET SKI Ultra 310X features a bench

seat. For 2021, the 3-passenger supercharged JET SKI Ultra 310X is available in Ebony/Pearl Neon Yellow with an MSRP of \$15,499.

For riders who want the luxury and convenience of the flagship JET SKI Ultra® 310LX from a naturally aspirated 1,498cc engine, the 2021 Kawasaki JET SKI® Ultra® LX personal watercraft is the perfect choice. The maneuverable deep-V hull contributes to superior handling, and the vehicle boasts industry-leading storage capacity and the largest fuel tank in its class to keep the fun going longer. For 2021, the 3-passenger supercharged JET SKI Ultra LX is available in Ebony/Riptide Turquoise with an MSRP of \$11,399.

ABOUT KAWASAKI

Kawasaki Heavy Industries, Ltd. (KHI) started full-scale production of motorcycles over a half century ago. The first Kawasaki motorcycle engine was designed based on technical know-how garnered from the development and production of aircraft engines, and Kawasaki's entry into the motorcycle industry was driven by the company's constant effort to develop new technologies. Numerous new Kawasaki models introduced over the years have helped shape the market, and in the process have created enduring legends based on their unique engineering, power, design and riding pleasure. In the future, Kawasaki's commitment to maintaining and furthering these strengths will surely give birth to new legends.

Kawasaki Motors Corp., U.S.A.
